TENNESSEANS^{FOR}
FAIR TAXATION

Tennesseans for Fair Taxation's 

1. I wish that Amazon will collect and remit sales taxes in Tennessee as the law currently requires.
 2. I wish that my legislators will support the Out-of-State Sales Tax bill (SB1489/HB1912). This bill requires online and out-of-state vendors selling more than \$4,800 worth of goods annually to Tennesseans to collect & remit sales taxes. The state would gain up to \$365 million in revenue annually through this measure.
 3. I wish that special rules weren't being created at the expense of Tennessee's citizens and small business owners.
- Now more than ever,
Tennessee needs Revenue with Justice!
