

Dear Governor Bredesen:

Tennessee has decided to be a "sales tax state". We need to be the best "sales tax state" we can be. The sales tax base is shrinking because more and more sales are made over the Internet. The "Internet Parity Act" will make Internet sales to Tennessee consumers taxable if the vendor uses a third party in Tennessee to solicit business and compensates them for the service. It will generate about \$32 million per year. In the current economic environment, we need the revenue to avoid more cuts. This measure levels the playing field for Tennessee businesses that already pay sales taxes.

Please vote for SB1741 / HB1947 by Sen. Beverly Marrero and Rep. Johnny Shaw.
